

GREAT INDIAN
TRADE ALLIANCE
INDIA. ELEVATED GLOBALLY

★ GOVERNMENT-RECOGNIZED INDIAN RICE MERCHANT EXPORTER ★

EXPORT COMMODITY PORTFOLIO • GLOBAL SUPPLY ARCHITECTURE

PURITY IN EVERY GRAIN. PRECISION IN EVERY SHIPMENT.

Direct merchant export alliance connecting the fertile Basmati and non-basmati heartlands of Punjab and Haryana directly to sovereign food reserves, global distributors, and institutional procurement desks across 40+ destination ports worldwide.

ORIGIN VERIFICATION

Mandi Quality Gate: On-ground physical inspection of unhusked paddy lots in Karnal, Taraori, and Amritsar before milling.

Moisture < 12.5%: Calibrated digital Kett moisture audits to prevent mold and ensure long ocean shelf-life.

2.5x Cook Elongation: Guaranteed linear expansion without curl or bursting in biryani & catering dishes.

MARITIME DISPATCH

Tier-1 Liner Space: Guaranteed container space agreements with Maersk, MSC, and CMA CGM.

Dedicated Port Teams: Stationed at Mundra, Kandla & JNPT for dry-liner preparation & customs.

Audit Certification: Pre-shipment independent inspection by SGS, Bureau Veritas, or Intertek on demand.

Strategic Sourcing Terroirs: Tarawadi • Karnal • Kaithal • Kurukshetra • Amritsar • Fazilka

100% Buhler Sortex

Non-GMO Certified

Direct Mill Alliances

01

MANDI ASSAY

Physical paddy lot moisture & purity verification

02

PRE-CLEAN & DE-STONE

Aspiration, magnet separation & destoning

03

BÜHLER SORTEX

Laser optical sorting for flawless kernel color

04

LENGTH GRADING

Broken grain separation (<1%) & calibration

05

PORT STUFFING

Dry liner, silica bags & customs lead sealing

100%

Official B2B Export Portal
www.greatindiantradealliance.com

Great Indian Trade Alliance (GITA) operates as a specialized merchant export powerhouse headquartered in New Delhi with field desks across Haryana, Punjab, and Gujarat. While single-location millers are inherently vulnerable to harvest crop failures, machine downtime, and localized price spikes, GITA commands an agile multi-origin merchant model. We aggregate milling across certified Bühler Sortex partner facilities, enforced by our own on-ground grain inspectors, dedicated customs brokerage, and direct ocean carrier booking.

EXECUTIVE PARTNERS & DIRECT LEADERSHIP COMMERCIAL DESK

YUVRAJ CHADHA
EXECUTIVE PARTNER | GLOBAL TRADE ORIENTATION & LOGISTICS

Directs international commercial origination, container liner charter agreements (Maersk, MSC, CMA CGM), and international trade finance (LC at Sight, CAD). Personally supervises buyer contract execution, maritime space allocation, and landed CFR/CIF price optimization across Middle Eastern, European, and African food corridors.

✉ yuvraj@greatindiantradealliance.com • 📞 +91 9599037511

DAKSH GUPTA
EXECUTIVE PARTNER | CROP SOURCING & QUALITY VERIFICATION

Stationed on-ground at origin across Haryana and Punjab milling hubs (Karnal, Taraori, Ambala, Kaithal). Personally leads GITA's field inspection desk, enforcing strict Average Grain Length (AGL) calibration, moisture limits (<12.5%), Bühler Sortex optical purity, and tamper-proof container stuffing.

✉ daksh@greatindiantradealliance.com • 📞 +91 9599037511

INSTITUTIONAL MERCHANT EXPORTER INFRASTRUCTURE

01 SPECIALIST ON-GROUND VERIFICATION

Full-time verification officers inspect raw paddy and milled lots at origin. We test Average Grain Length (AGL), cooking elongation ratio (≥2.0x), moisture (<12.5%), and purity before approving bagging.

02 BÜHLER SORTEX PROCESSING NETWORK

Processing through strategic milling partners equipped with multi-stage German Bühler and Japanese Satake optical color sorters, eradicating chalky, discolored, or immature grains at micro-second speeds.

03 IN-HOUSE MARITIME FREIGHT CONTRACTS

Direct carrier volume contracts with tier-1 shipping lines eliminate forwarder markups, secure guaranteed container allocation during peak shipping seasons, and deliver ultra-competitive landed CFR/CIF rates.

04 PORT STUFFING & CUSTOMS SUPERVISION

In-house port teams stationed at Mundra, Nhava Sheva (JNPT), and Kandla supervise 100% dry-liner container preparation, install industrial silica desiccants, conduct tare checks, and execute customs clearance.

OPERATIONAL DIMENSION	TRADITIONAL SINGLE-LOCATION MILL	GREAT INDIAN TRADE ALLIANCE (GITA)
Origination Agility	Bound to local harvest & weather shocks; fixed plant capacity.	✓ Dynamic procurement across 4 fertile terroirs in Punjab & Haryana.
Quality Verification	Internal mill self-certification with inherent conflict of interest.	✓ Independent on-ground audit team verifying grain AGL, moisture & purity.
Ocean Freight & Landed Cost	Outsourced to spot freight forwarders with compounding markups.	✓ Direct tier-1 liner contracts (Maersk, MSC) yielding lower landed CIF prices.

STATUTORY ACCREDITATIONS & FOOD SAFETY STANDARDS
